Field work is assigned to each Pupil teacher for the research purpose the research purpose that is apart from syllabus. For this purpose they approach to the society or community to gather the raw data, by which they interact with the practical problems of the society.

### ii. Multi-skill development

It is developed through Work Experience Programmes, School Experience Programmes, practical work in various Laboratories, through SEC (Simple Expressional Competencies) which is a part

of the curriculum and through various Intra College competitions like debates, declamation, poetry recitation, dramatics, skill-in-Teaching & Teaching Aid Preparation competitions.

### **iii. Inclusive education**

In the teaching learning process the individual differences (gender differences, Economic status, Intellectual level, family backgrounds etc) among the students are taken care of and equal educational opportunities are provided to the students. Though no need has arisen yet the facility of ramp is there for physically challenged students.

### **iv. Practice Teaching**

As a preparation for actual practice in schools, microteaching sessions are organized to develop teaching skill. The faculty meticulously organizes intricate sessions of microteaching and students practice under their watchful eyes. Lesson planning is considered an important input in the preparation for teaching practice. Faculty members take good care of training students in lesson planning too. Before the students are sent to schools, for practice teaching, the College organizes confidence building programmes such as pedagogical content analysis, lesson planning, developing core teaching skills, through micro teaching under simulated conditions, observation of model lessons etc.

Demonstration lesson are given by each subject teacher in the presence of other staff members and students. Every student observes 10 demonstration lessons. Each student teacher has to give 40 practice lessons in school by taking 20 lessons in each Method of Teaching. All the lessons are supervised and checked by institutional teachers as well as school teachers and feedback is given to students.

There are 10 school attached with college for practice teaching. Each student gives one lesson per day. Sometimes the Practice school teachers are present in the class and give informal feedback to the Pupil teachers as well as teacher educators. During practice teaching, each lesson is checked before delivering to students in the class and observed by the Method Specialist (Faculty). The student teacher stays for the whole time in the school during practice teaching days and takes part in all activities of the school.

#### **v. School Experience**

There is a provision of both theoretical and practical aspects of school experience or school management. In the theory paper student teachers are given conceptual knowledge about the management of school facilities and problems, library, infrastructure, time table, human resource etc. At the time of practice teaching at school, student teachers apply all their

knowledge in actual situation. In block teaching student-teachers organizes morning assembly, make arrangements for teaching learning situations, manage man & material resources, and manage funds at school level and scholarships. At the end of the block teaching at school every student-teacher writes a details school plant report, prepares time table & S.L.C., complete observation lessons and provide their suggestions to the school for providing their suggestions to the school for providing better learning experience to the students.

## **1.3 Feedback on Curriculum**

### **1.3.1 How does the institution encourage feedback and communication from the students, alumni, employers, community, academic peers and other stakeholders with reference to the curricula?**

The institution has adopted well oriented mechanism of getting feedback and exchange of information with regards to the curricular and co-curricular aspects of the B.Ed. course being run in the institution. For getting feedback on curriculum following practices are in vogue:

#### **1. Feedback on curriculum by the student-teacher:**

The institution has tried its best to cater the needs of the students, society and nation through best practices in curriculum. Pupil Teachers views and suggestions are invited on the curriculum for necessary modifications & improvement in the current curriculum. For this purpose the institution is working with two tools: first one is inviting student-teachers feedback on a Performa, through which Pupil Teachers rate the complete course and the curriculum of the various subjects. The second tools are the suggestion box available in the college campus, where student-teachers can put their suggestions regarding the improvement in the curriculum.

#### **2. Feedback on curriculum by the Alumni:**

The view and suggestions of old students of the institution are also invited with reference to the curriculum. These students are encouraged and motivated to provide feedback on the curriculum of the B.Ed. course. They are asked to post/disclose their views in following manner:

- Oral expression of their views about the curriculum to the Principal or the subject teacher.
- Writing their suggestions/ideas directly to the principal or subject teacher.
- Provide their suggestions through suggestion box.
- Giving their suggestions through E-mail.

### **3. Feedback on curriculum by Employers:**

Employers of the institution indirectly participate in the curriculum development by providing man & material resources, moral and financial support to organize extension lectures and to attend workshop and seminars regarding curriculum development.

### **4. Feedback on curriculum by teaching Staff:**

- The institution has its Internal Curriculum Review & Reform Committee consisting staff members as subject experts. This committee analyses the existing curriculum of the B.Ed. course, Finds out the needs & difficulties of the student- teachers and

provide suggestive measures for the modification in the curriculum.

- The faculty members meet after every academic activity to review and discuss the strengths and weaknesses of the activities. They also provide suggestive measures for improvement in these academic activities.
- The existing working related to curriculum aspects of the college are discussed in the staff council meeting.
- Teachers play an active role in the tutorials to solve problems of student-teachers regarding the curriculum.

#### **5. Feedback on curriculum by the Community:**

The institution has established a cordial linkage with the community and the community comes together. At the time of every meeting formal & informal feedback is received from the community regarding the curriculum. Some of the activities are:

- The institution has established extension linkages with Community and local educational institutions i.e. practice teaching schools & college. We also organize various services/activities in the community such as vaccination camp, awareness program, Tree Plantation etc. and also received feedback and suggestions from the community members at that time.

- The institution always invites Heads & staff of the practice teaching schools, parents of the student- teachers & community members in various activities, function exhibitions and competitions of the college on Teaching aids skill in teaching, cultural activities, talent search, sport meet etc, where they provide their valuable feedback & suggestion to the course.
- The feedback from the school teachers, during practice teaching about the B.Ed. course and their experience at practice teaching on prescribed Performa (developed by the institution) is collected and reviewed.
- The institution is planning to organize a meeting and workshop with school Principals and teachers of the neighboring schools to share their views on the methodology and curriculum of the B.Ed. course.

Thus institution is trying its best, to communicate & receive feedback from all its stake holders, with regards to curriculum.

**1.3.2 Is there a mechanism for analysis and use of the outcome from the feedback to review and identify area for improvement and the changes to be brought in the curriculum? If yes give detail on the same.**

Feedback is discussed in faculty meetings and with the employers and changes and suggestions are forwarded to curriculum revision committee. Changes are implemented at the college level in

pedagogy (teaching styles and requirements) to make teaching learning process more effective.

### **1.3.3 What are the contributions of the institution to curriculum development, (member of BOS /sending timely suggestions, feedback etc)**

The feedback so collected is deeply analyzed by the Principal with the faculty members. The worth full suggestions are discussed with the subject faculty members then submitted to the university in the meeting of Board of Studies.

## **1.4 Curriculum Update**

### **1.4.1 Which courses have undergone a major curriculum revision during the last five year? How did these changes contribute to quality improvement & satisfaction?**

### **4.4 ICT as Learning Resource**

**4.4.1 Give details of ICT facilities available in the institution ( Computer lab, hardware, software, internet connectivity, access, audio visual, other media and materials) and how the institutions ensures the optimum use of the facility.**

The college has a computer laboratory with internet connectivity. There are 25 PCs with LAN connection. It also provides-

OHP with screen

LCD player with projector

Radio

Tape recorders

Digital Camera

Televisions

White boards

Amplifier

Cordless mike

Hand mike

Video cassettes

The students get ICT training to operate the above. The mentor in-charge of the Educational technology Lab trains them & help to prepare ppt. Record is maintained by the students.

**4.4.2 Is there a provision in the curriculum for imparting computer skills to all students? If yes give details on the major skills included.**

No, there is no provision in the curriculum for imparting computer skill to all students but the extra-curricular activities in the time table

provides ample span for the entire student teachers to undertake training in educational technology & computer skills to train in MS office and basic internet.

#### **4.4.3 How and what extent does the institution incorporates and make use of the new technology ICT in curriculum transactional processes?**

The College makes the use of the new technologies in the curriculum transaction process not only in the campus but also in practice teaching schools. Most of the faculty members are well proficient in the use of ICT. They impart the ICT knowledge to the pupil teachers in their respective teaching subjects by using OHP & LCD projector. Usually, PowerPoint is used for preparing notes, lesson planning and presenting papers for seminars & workshops.

#### **4.4.4 What are the major areas and initiatives for which student teacher use/adopt technology in practice teaching? (Developing lesson plans, classroom, transactions, evaluation, preparation of teaching aids)**

The major areas in which the pupil teacher use technology in practice teaching are:-

- The pupil teachers take help of the ICT lab for preparing their ppt.
- Teacher educators are encouraged for the development of ppt for important topics from their respective compulsory as well as teaching subjects. Almost all teachers have developed power-points in their concerned subjects.

- For evaluation of pupil teachers, teacher educator maintains their records/ marks in excel sheet.
- For preparation of teaching aids, pupil teachers download important teaching aids from concerned educational websites and after amendment it is shown to the students. Pupil teachers also prepare slides related to the school curriculum which is to be taught in the classroom.

## **4.5 Other facilities**

### **4.5.1 How is the instructional infrastructure optimally used? Does the institution share its facilities with others for e.g. serve as information technology resource in education to the institution (beyond the program), to other institutions and to the community.**

The instructional infrastructure is used by the department itself for the purpose of curricular, co-curricular, extracurricular activities. Laboratories are also maintained with sufficient number of equipments required as per norms. The institution shares its facilities during seminars, workshop, yoga sessions etc.

### **4.5.2 What are the various audio-visual facilities/materials (CDs, audio and video cassettes and other materials related to the program) available with the institution? How are the student teachers encouraged to optimally use them for learning including practice teaching?**

Various audio-visual facilities/materials (CDs) are used on a large scale for learning & teaching (theory & practice). Our teacher educators have

adopted an innovative approach in this field. They have developed a downloaded CD's bank on various aspects of teacher education. These CDs work as a reference material to the pupil teachers. Pupil teachers are encouraged to use audio-visual materials to develop micro plans, daily lesson plan, teaching aids and instructional methods.

#### **4.5.3 What are the various general and methods laboratories available with the institution? How does the institution enhance the facilities and ensure maintenance of the equipments and other facilities?**

The college has the following laboratories as per NCTE guidelines.

- (ICT) Information and communication Laboratory
- Psychology Laboratory
- Science and mathematics Laboratory
- Curriculum Laboratory
- Teaching aid Laboratory
- Art & craft room resource centre

In each lab, NCTE norms are kept in hard and soft form for ready reference. It is the duty of Lab assistant and concerned teacher educator to maintain the requirements of laboratory equipments as per NCTE guidelines. The requirements are reviewed from time to time by the management. The management allocates the required fund for maintenance and up gradation of the laboratories.

#### **4.5.4 Give details on the facilities like multipurpose hall, workshop, music and sports, transport etc. are available with the institution.**

The college has facilities like:

- Multipurpose hall for conducting conferences and seminars with well equipped audio-visual facilities.
  - Workshop to make innovative project from waste material.
  - Audio-visual room.
- Music room with well furnished instruments.
- Sports room providing facilities to the trainees.
- Transport facilities available for all the students

**4.5.5 Are the classrooms equipped for the use of latest technologies for teaching? If yes, give details. If no, indicate the institution's future plans to modernize the classrooms.**

Yes, the classrooms are equipped for the use of latest technologies like

- 1- OHP
- 2-LCD Projector
- 3-LCD Screen
- 4-Video Camera
- 5-Sound system
- 6-Computer

**4.6 Best Practices in infrastructure and learning resources.**

**4.6.1 How the faculty seeks to model and reflect on the best practices in the diversity of instruction, including the use of technology.**

Faculties are encouraged to use innovative models, methods, strategies and techniques to enhance the teaching learning process. Further for enhancing the quality of teaching learning, they use ICT in their day to day teaching process. Each teacher has to prepare ppt. for important topics. The AV aids, OHP, LCD projectors are frequently used during classroom, demonstration lessons and in seminars.

#### **4.6.2 List innovative practices related to the use of ICT, which contribute to the quality enhancement.**

The innovative practices related to the use of ICT that contribute to the quality enhancement are-

- Preparation of transparencies and slides.
- Increasing use of LCD in teaching, workshop and seminar
- sharing of information through Email
- Preparation of power point presentation
- Collection of educational information from websites
- Use of Curriculum lab.

#### **4.6.3 What innovations/best practices in 'Infrastructure and Learning Resources' are in vogue or adopted/adapted by the institution?**

- i) The institution has computerized library
- ii) Well equipped ICT Lab with internet facility
- iii) Preventive maintenance schedules
- iv) Audio-visual aids for teaching & learning.

v) Well spacious & airy seminar hall where more than 200 people can sit at a time.

vi) Curriculum lab with all Teaching Materials.

## CRITERION-V

### Student Support and Progression

#### 5.1 Student Support Progression

**5.1.1 How does the institution assess the student's preparedness for the programme and ensure that they receive appropriate academic and professional advice through the commencement of their professional education programme (student pre-requisite knowledge and skill to advance) to completion?**

The institution organizes many competitions, time to time, in order to assess and enhance the professional competency of the student – teachers. These competitions include flower arrangement, preparation of teaching aids, chart making, chalk making, chalk board writing, preparing best out of waste, post decoration, Rangoli, Essay Writing, Hand writing Speech etc. Students – teachers are encouraged and sponsored to participate in the inter college competitions, organized by different colleges of Rajasthan, like skill in teaching, poetry recitation, singing, dancing, quiz, shlok Uchcharan, poster making, model making etc., For developing teaching skills the college organizes various training programmes of “Micro Teaching”. In this training session, micro lessons and mega lessons in simulation and observation lessons are practiced.

After this the student teachers are sent to school for their practice teaching in real situation, where the student – teachers are encouraged to

participate in administrative as well as academic activities of the school like organization of competition, organizing morning assembly, participation in Mid-Day meal Programme and maintaining discipline etc., They also find out the deficiency and realities of classroom and possible efforts are done by the student teachers to minimize the problem faced by them with the help of their supervisor (mentor) and school staff. The schools heads and the teachers provide suggestions to the student – teachers about teaching and managerial skills during their practice teaching.

In order to prepare them for the development of various aspects of their personality, inherent potential and interest, a Talent Hunt programme is organized in the beginning of the session. They are encouraged to participate in various activities of the programme. The programme includes cultural activities like Solo Dance, Group Dance, Drama, Mimicry, speech, Poetry recitation, Solo song, Group Song, Poster making, Mono acting etc. College magazine, Mathematical Club, Science Club, Eco Club, Language Club etc. are other resources of learning and progression. In order to develop the quality of leadership and sense of responsibility student teachers have "Educational Society" in which two members of each house are nominated.

Teacher-educators observe the micro teaching sessions, sessional work and academic achievement through class tests and house examinations to ensure that they are receiving appropriate academic and professional advice.

### 5.1.2 How does the institution ensure that the campus environment promotes motivation, satisfaction and development and performance improvement of the students?

The institution makes all efforts to nurture a learner-friendly environment to promote motivation, satisfaction, and development and performance improvement of the students.

- The institution is situated in green and pollution-free area. This creates a conducive atmosphere for teaching learning process.
- The classrooms are spacious & furniture is adequate and comfortable.
- LCD Projectors are installed in classrooms which makes teaching learning effective.
- Guest lecturers and speakers are invited to speak on contemporary and burning issues.
- The faculty has to follow the academic year plan and time-table for curricular and co-curricular activities.
- Awards are given to meritorious students.
- Morning assembly encompassing English speech, G.K. information and news to develop the confidence level of pupil teacher's.
- Various competitions and cultural festivals are being organized.
- The faculty members provide guidance to under achievers. Their progress is regularly monitored in formative evaluation. They are motivated for better performance.

**5.1.3 Give Gender wise dropout rate after admission in the last five years and list possible reason for the drop out. Describe (if any) the mechanism adopted by the institution for controlling the drop out.**

The dropout rates in the last Three years were as follows:

Academic Year	Case of drop outs 2012-13	Case of drop outs 2013-14	Case of drop outs 2014-15
Programs (B.Ed.)	03	06	03
Total	03	06	03

**5.1.4 What additional services are provided to teacher trainees for enabling them to compare for the job and progress to higher education? How many teacher trainees appeared/qualified in SET/NET; Central/State services through competitive examination in the last two years?**

The institute provides additional services to pupil teachers for enabling them to compare for the job and progress to higher education. Following measures are taken to ensure this:

- There is a career guidance cell, which helps the students in seeking jobs and progress towards higher education.
- The College supports and facilitates the students by keeping competitive books and magazines in the library.
- Institute provides personality development session for better presentation during interview.

**5.1.5 What percentage of students on an average go for the further studies/choose teaching as a career? Give details for the last three years.**

After completion of B.Ed. programmes, most of the pupil teachers opt teaching as a career, some opt jobs in professions other than teaching only few of them continue further studies.

**5.1.6 Does the institution provide training and access of library and other education related electronic information, audio/video resources, computer hardware and software related and other resources available to the student teachers after graduating from the institution? If yes give detail of the same.**

There is no such provision of training to the pass out students. In future we shall provide some provisions for this purpose.

At the beginning each session the students are well oriented about the functioning, rules, facilities and resources available in the college library and in the campus. The students can easily access the library facilities during the working hours. They can easily get the library resources like books, encyclopedia, journals, survey report, language learning resources (CDs, Books and Manuals etc.), magazine, etc. Student teachers are allowed to use Internet facility & computers available at the library. These facilities are also easily accessible to the old students by the permission of the Director / Principal. Student-teachers are provided the facility to keep the books for annual examinations. Student-teachers are also allowed to use various software & hardware resources available

at E.T. & Computer Lab. They are also trained in handling the equipments and to use them in their teaching learning. They can use these resources for their unit plan, Lesson Planning and developing instructional aides.

**5.1.7 Does the institution provide placement services? If yes, give details on the services provided for last two years and the number of students who have benefited.**

The placement cell collects the information of job opportunities from various schools of Bharatpur and adjoining cities. Some of our students who have scored well are referred to some of the nearby institutions to consider their candidature on requirement.

**5.1.8 What are the difficulties (if any) faced by placement cell? How does the institution overcome these difficulties?**

There are three major problems faced by the placement cell in previous years.
